**As rescanning documents *will not* correct images,
please do not report the images to the
Image Problem Mailbox.**

The diagram illustrates a network system architecture. At the center is a computer system 11, consisting of a monitor, a base unit with two drive bays, and a keyboard. Above the computer is a server rack 13, which contains a server unit with a drive bay and a fan. To the left and right of the server rack are two stacks of server units. The left stack is labeled 14h through 14n, and the right stack is labeled 14a through 14g. The server rack 13 is connected to the computer system 11 and the two stacks of server units via a network topology represented by zigzag lines.
